# Tiger Team: Cyrus' Firehose Triage-athon

- Most importantly: Answered lots of questions!
- Learned how to build and Nyx and WarpX
- Tested Nyx and WarpX Ascent integration
  - Verified Ascent can export Particle data from Nyx, working on particle rendering issue
  - Found issue with WarpX AMReX integration when some MPI tasks have no mesh data
- Updated and tested automated Ascent tpl build recipes for:
  - NERSC Cori (gcc and intel)
  - TACC Stampede 2 (gcc and intel)
  - macOS (mojave)
