## Best Practices for Benchmarking Diverse Architectures with Varied Workloads

Start	End	Speaker	Subject
12:15	12:17	David Martin	welcome and logistics
12:17	12:25	Thomas Steinke	IXPUG overview and activities
12:25	12:35	Vitali Morozov	benchmarking for procurement and acceptance of large machines
12:35	12:45	Hartwig Anzt	benchmarking to understand application performance
12:45	12:55	Todd Evans	simple cost model for comparing diverse architectures
12:55	1:15	All	panel discussion and Q&A from attendees
